- Asset creation and puppet building in Flash

freelance illustration

CICS / Cochlear Implanted Children's Support Group

July 2017 - Dec 2017

Liaising closely with the co-ordinators of the charity, I was solely responsible for creating an educational children's book. This involved complicated text layout, concept mock-ups and illustrations, as well as good communication and customer relations.

BS3 Community

April 2017 - Aug 2017

Design building signage

Supporting a successful business in branding a new building, my responsibilities include collaborating both with integral board trustees and architects; in order to find the simplest way of completing the project. The new community centre requires a mural as the headline art piece&
